Experience

Terra Cafe   *www.terracafect.com*
Freelance Web Designer - December 2020
I built a responsive digital menu for the cafe's website with a design driven by field research and website data analytics. Throughout the website I employed design and marketing strategies to improve customer experience acquisition, such as informational architecture, content design, and transparency.

Albert Lisi Photography   *www.allisiisawesome.com*
Freelance Web Developer - September 2020
I developed a dynamic and secure digital portfolio from scratch. Launched a visually appealing, user-friendly website with interactive features. Programming included CSS flexbox, responsive web design, and Vanilla Javascript.
